We Don't Need It
Anyone who still suffers under the illusion that only the government can adequately supply industry, agriculture and residential user with electricity, should take another quick look around.
For instance, in California a private utility is now building a huge new powerhouse, which will be in operation in 1951. At that time, the utility will have doubled its present electrical output—from 2,000,000 to 4,000,000 horsepower. It says this is "America's greatest power program."
The utility industry as a whole is now engaged in the greatest expansion program in history. The cost will run well into the billions. Particular emphasis is being laid on rural and agricultural electrification—within a relatively short time practically every farm will have central-station power available. For all classes of service, there will be a safe and growing margin of capacity over the demand.
The power produced by the utility industry is sold at rates and under conditions which are prescribed by public regulatory bodies. Heavy taxes—totalling more than 20 percent of revenues—are paid to government. And standards of service approach perfection.
Government power is wholly or partially tax free. There is no regulation. Often it is tax subsidized. Worse yet, it stands for socialism in a supposedly free country.

MEETING OF PTA HELD MONDAY NIGHT
The regular meeting of the PTA was held last Monday night at the school auditorium. The meeting was opened by the group singing "One World," composed by Miss Mary Alma Murphy and Miss Jean Martin, with Miss Alma Murphy at the piano. Opening prayer was offered by Rev. L. F. Vandewater. President, Mrs. W. C. Bamford, read the requirements for this chapter to read the "Blue Ribbon Goal," a National Foundation of PTA. Mrs. Bamford stressed the point that it was the aim of the PTA to reach that goal this year.
A report was given by Mrs. Douglas Mathews, Safety Patrol chairman. She reported that belts and badges for the safety patrol had arrived. After a lengthy discussion on Safety Patrol work, it was decided to send out a list of safety regulations to each parent, for safe driving around the school grounds.
The Finance Committee, who met last Thursday night, set up a budget for the year, gave the needs of the different school organizations, \$110.00 was the amount required by the Safety Patrol, which includes partially financing sending a boy to Washington.

The music department needs about \$110.00, which includes the purchase of 26 glee club robes and part payment on a piano. The Band needs \$130.00 but will do most of their own financing. The Cafeteria needs a new dish-washing machine. The PTA expenses were set at \$200. Most of this money is to be made from the Halloween Carnival.

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store licensing the World Series on the radio. Curly Lawson wandered in and said: "How about a chocolate malted, Doc?"
"Surey, Curly," says Doc, "can't make you a malted for a while now?" "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay, sure, Doc—I'll take a chocolate malt!"
This shows how tolerant folks can be. Doc showed his respect for

"This system (desk survey) takes only a few good men and the cooperation of a great number of agencies. We have that."

He listed agencies which are cooperating in the survey as the U. S. Coast and Geodetic Survey, the University of Florida College of Engineering, U. S. Engineers State Road Department, the old Florida Geodetic Survey, Army Map Service, land office of the State Department of Agriculture, Internal Improvement Commission, Florida Geological Survey and the Central and South Florida Control Districts. Matthews addressed the second annual mapping and surveying conference at the University of Florida here.

RAMS RAMBLE ALL
Continued from Page 1
The Indian River Conference, came to Belle Glade, Friday night, to play our Golden Rams in that popular football sport. The looked around the field, they played upon the gridiron, but they did not go home with a victory trophy, nor did they expect to, for they were not able to cope against the Rams' final score stood 30 to 7 in favor of the Rams, who were knocking at the goal line for a final touchdown, when the end whistle blew.

The Catfish knew they were the underdog, but gave them credit, they went out like true sports and played the game to the best of their ability, and in several stages of the game, even outplayed Leavitt's bats. The visitors' offense was a largely held to the passing game, and with passes and several other methods managed to get one touchdown and point after goal. However, they could not hold the Rams from that touchdown, and the game ended in a tie.

One of their players was severely injured in the early stages of the game, and was carried from the field and later taken to the hospital for examination.
The Rams got into the scoring early in the game, in fact on the kickoff, when Williams got the ball and went straight down the field for a touchdown and added point, and five minutes were added to the game. The fans took out their interest in trying to guess when the next Ram explosion would occur.

The Rams who piled up the touchdowns and points were Al Leathers, with two TDs, Joe Reeves with one, Wilford Markham with one, and "Red" Schlechter with one.
The Catfish gained a slight ground margin over the Rams in the first half, but relinquished this in the second, making slightly less than two-thirds as much yardage as Belle Glade. In the opening minutes of the second period, Okobeebechee led their longest series of advances in the game, eighty yards in seven plays. This long drive produced their only touchdown, which was extra pointed.

Ram conversions were made by the big toe of Howard Hill. Penalties in the game were light. Belle Glade receiving only four for a total of twenty yards. Okobeebechee got by with none. South Broward, of Dania, whom the Rams later play, traveled over to Ft. Lauderdale to meet the Gulfcoast conference team. The Dania boys were in fine fettle and won by a score of 12 to 6. Delray Seacrest also outpointed St. Paul and Peters of Miami, by a score of 20 to 6. Other game scores were: Palm Beach, 25, St. Petersburg, 14.

Receiver Makes Report On Operation Of Sugar Cane Plantation
George E. Prince, as operating receiver for the Okelanta Sugar Incorporation, filed his first report in Circuit court, the past week. The report showed that the plantation had sustained a loss of 40 acres of cane, when lightning struck in a field. If machinery arrives in time for installation, the refinery plant will start operations on October 15th, but there may be a slight delay on the opening date.

Service Out Of New Airport Booked For Mid-October Dates
The Palm Beach County Board of Commissioners, under Airport Director Hickman, have been officially advised by the United States Civil Aeronautics Board that it plans to open up service out of the Pahrake Airport on November 7 and 15th. The first date for scheduled flights is on Monday, November 7, at 10:00 a.m. The latter for passenger patronage and special flights, but on a build up schedule.

Director Hickman plans to have his working force work on the port to get it in good shape for the landing and exit of planes. This port was planned, built and will be operated by the County Commissioners as a part of its air-way system in the county. Its cost of \$160,000 was shared by the Federal Government and county in about equal proportions.

Vegetable Farmer's Convention In Belle Glade October
All farmers of Palm Beach County are invited to attend meetings at which a complete coverage of vegetable production problems will be discussed. There will be one meeting for the Everglades area on Monday, October 10th at 2 p.m., which was held in the Livestock Pavilion at the Everglades Experiment Station. The meeting for Sand Land Farmers will be held at the Pompano Farmers Market at 2 p.m., Tuesday, October 11th.

Dr. F. S. Jamison, Truck Horticulturist at the Florida Experiment Station will lead the discussion of vegetable problems for both areas and will be assisted by specialists from the staff of the Everglades Experiment Station as well as the Station at Gainesville.
This is not going to be a meeting where we will hear a lot of speeches.
We hope to have a question and answer session where any type of question on vegetables can be discussed thoroughly.

Everyone is invited to participate in the meeting and discussions on varieties, fertilizers, disease control, insect control, mosaic, root-knot, etc.
County Agent, M. U. Mount, says, "This meeting will be worth your time to attend and I hope to see you there."

Mrs. Florence Carter, Bagdad Worthy Grand Matron, Grand Chapter of Florida, will be honored at a joint meeting of the Pahokee and Belle Glade Order of the Eastern Star, October 20th. Pahokee will be hostesses, serving a covered dish supper at the Pahokee Masonic Hall at 6:00 p.m. Following the supper both chapters will come to Belle Glade for the regular meeting. Due to lack of space in the Benevolent Hall, the school Auditorium has been obtained for this occasion.

Pahokee will be in charge of the opening and closing ceremony, with Belle Glade performing the initiatory work.

FOUR CHILDREN RECEIVE THE RITE OF BAPTISM

At the Sunday morning services at the First Methodist Church, the pastor, Rev. Leonard Vanderwater, conferred the rite of baptism upon four babies, who had been presented by their parents and god-parents

for that ceremony. They were Clifton Horace Collins, son of Mr. and Mrs. H. C. Collins, Sr., Ethel Ann Baer, daughter of Mr. and Mrs. Robert Baer, Valtos Sheffield, son of Mr. and Mrs. John Winburn, and Lois Winburn, daughter of Mr. and Mrs. John Winburn.

Mr. and Mrs. Pete Scuran acted as God-parents for the Baer child.

ATTEND JOINT MEETING WITH CLEWISTON AUX.

Those attending the joint meeting of the American Legion Auxiliary at Clewiston Monday night, were Mrs. John Hooker, Mrs. Tommy Parker, Mrs. Bryant McClendon, Mrs. Alfred Vadaz and Mrs. H. D. Beck.

Introduced by Mrs. A. L. Prince, 9th District President, Mrs. V. V. Allison, District President, of the Southern area, gave a very inspiring talk, on the work of the American Legion Auxiliary.

Prior to the meeting, the group enjoyed a dinner at the Clewiston Inn.

PAR—TEE LINE

Continued from Page 1 Cones, Bill Grabers and Leland Pierce—provided shrimp creole and rice in abundance for the hundred or more members attending.

Ladies Day Today

Today, October 14, Mrs. Melba Ballard and Mrs. Ruth Barron are hostesses. Pot luck luncheon is served at 12:00. Cards and golf will follow with "Frosty" giving free instructions before "tee off" time.

A report will be given by the committee appointed to arrange a benefit Bridge party.

Deane October 22

President Bob Creech and Deane are negotiating for the West Palm Beach orchestra to play for the monthly dance

October 22 for members and their visiting guests. They promise the best. Louise Thorne heads the ticket selling committee with Nancy Creech and Elaine Hooker assisting.

Monthly Dinner Last Saturday Edith Van and Rayley Weeks, along with their corps of helpers, again proved their excellence as planners and managers at the supper last Saturday night.

Fried chicken was delicious and much enjoyed by a good attendance. A good time was missed by those who failed to get there.

Frosty Pants And Paints Lanky Planks Plans & Pounds In spite of a troublesome sinus, the result of continued wet weather, Frosty Peters has a found time to apply paint and varnish in much needed spots around the clubhouse.

President Bob welds a wicked hammer in rebuilding shelterhouses and the equipment sheds, and Bill Graber furnishing the labor, damaged by August blow. Renovation of the men's locker room is Bob's next project.

Stop Thief! Stop Thief!

It's a well known fact that every Better Business Bureau's files throughout the nation are crammed with histories of fraud after fraud perpetrated by door to door peddlers. Belle Glade has just suffered another raid by some unscrupulous itinerant photographers. A number of our leading citizens have been milked and muled of their hard earned cash. By an itinerant outfit which has failed to deliver the goods...

Even had they received the merchandise they bargained for—would it have been a bargain? What is your recourse if the pictures are not as ordered or represented? Can you take them back to the man who took your money? No—he is gone.

What is your recourse if the pictures fade—stain—etc.? A year from now can you take them back?

Supposing you desire extra copies or reprints six months from now? Can you go back to the man who sold them to you?

Every Better Business Bureau, Chamber of Commerce, your own Business and Professional Women's Club, etc., will advise you to trade at home. Why? The above mentioned reasons are only a few. To the people of Belle Glade—no itinerant fly-by-night can serve as well or as cheap, when the matter is thoroughly examined... As further proof of this we will continue our Saturday specials for some time to come.

If every mother who was gyped in the last 30 days and paid her money to these itinerants will come in and admit being taken, I will make her one FREE portrait.

JOY BAILEY HONORED AT BRIDAL SHOWER

A bridal shower, honoring Miss Joy Bailey, whose marriage to Howard Payne, will take place October 22nd, was given Tuesday night by Mrs. Chas. Wilkinson, at the home of Mrs. Ellis Wilkinson, North Moore Gardens.

Symbols of Mr. Payne's profession, which was a frame and steel fruit stand at Fourth street, where he has been located for the past six years. This permit was not granted, as the proposed housing was not considered to building code standards.

Several new ordinances were presented and given consideration.

The report of the special committee on the purchase of the colored school grounds by the Board of Public Works was presented. Commissioner deemed the report an excellent one, and voted to notify the Board of Public Works of its intent to close on the option under the terms of a tentative agreement.

The Solicitor, who had some Commissioners with the Board next Tuesday to close the deal.

Recreation Here Big Problem In Youth Centers

The lack of recreational means in this city is very proper. The first regular meeting of the O.E.S. was held October 6th at the Benevolent Hall. A new member, Mrs. Mildred Brown, was initiated into the order.

Joe Cherry was in charge of the Obligation Ceremony.

The regular meeting of the W.C.S. of the Community Methodist Church will be held Monday night, Oct. 17th at 7:30. All members are urged to attend.

The next regular meeting of the Women's Club will be held, October 19th at 3:00 p.m., at the Woman's Club, with Mrs. J. D. Humphries in charge of the program.

Special guest speaker will be Denver St. Clair, of West Palm Beach. A musical program, in charge of Mrs. W. R. Dickinson, Mrs. Harold Johnson, Mrs. Chris Figueroa, Mrs. W. T. P. Smith, Mrs. I. Z. Boone and Mrs. Carl Hayes.

A program was presented following the business meeting. Mrs. A. Bailey, Mrs. H. H. Rosary was beautifully rendered by Mrs. Z. T. Ingram. Miss Mary Ingram at the piano.

"Alice Blue Gown" in memory of her brother who was lost in the war. Two poems, "Building a Temple" and "Begin Today" were read by Mrs. Ralph Smith.

Those attending the meeting were, Kathryn Weeks, Mrs. Nelson Morris, Virginia Buss, Dorothy Sewell, Dorothy Figueroa, Ruth Shaw, Elizabeth Phelan, Hazel Littlefield, Iva Schoepel, Josephine Hayes, Rosa Delmar, Mrs. Mrs. I. The women of the Everglades Presbyterian church, will meet at the home of Mrs. W. K. Whitlock, next Tuesday evening at 8:00 p.m., with Mrs. Jack Whitlock as co-hostess.

INNOVATION ACT (Continued from page 1) participate from tax collections. Standard pack cigarettes will carry a 3 cents tax. The solicitor recommended the adoption of the ordinance, which was done, after the present city ordinance called for a 3 cents tax was revoked.

Solicitor Beck stated as most citizens having such tobacco tax ordinances, owing to the fact that they had already had their budgets set up, would continue to collect as in the past.

But next year a reduction in alcohol taxes or real estate may be lowered on a percentage of taxes collected, per capita person income.

This total repensed 29 percent of the income earned by Floridians during 1947.

The relation of school expenditures have increased while per capita person income decreased slightly from 1947 to 1948.

NEGRITO FOOTBALL

Continued from page 1

Carver Industrial just took the bulk of the situation into their own hands, as they rolled over an apparent less trained and lighter team in the Bobcats, and won by the top sided score of 25 to 6.

The visitors made telling use of its strong passing system, completing six long throws out of 16 tries, and were also superior in their ground play, the Bobcats, who had no such reserve of fumbles made by their opponents.

Carver presented a gang of 49 players, who called them "giants" which their coach worked in panels of substitutes, and just under the Bobcats, who had no such reserve supply. Carver made three touchdowns in the first quarter on safety.

Fourth. The Bobcats scored in the last quarter.

Ignore Safety Rules With Dire Results

Colonel Chapman, Safety Engineer, was introduced by Ed Thompson to Rotary last Friday night, and most of these present sat back with a resigned expression awaiting a usual dry talk on safety.

Mr. Chapman however, shortly dispelled this idea by his unique manner of putting his statistics, such as:

In 1948 10,000,000 people were injured by accidents, most of which are preventable and that equals five times the population of Florida. There were 80,000 in the U. S. Killed and injured.

Daytona, Ft. Lauderdale and Miami Beach, Auto killed 6500 people, which is equal to the population of Sebring.

In Florida during '48 2705 agricultural workers were in accidents of this kind, which made when creating an annual, and explained the correct procedure. Pictures of accidents are already being taken and soon will be out soliciting ads.

Mr. Taylor said to have many more pictures of accidents before Christmas as possible and Editor, Howard Hill, replied, "Way out."

A great majority of accidents are due to faults of the individual rather than modern safety devices on machinery," said Mr. Chapman.

Ending his talk with a well told dialect story, Mr. Chapman left his audience appreciative.

Parlor games were provided for the entertainment of the guests. Light refreshments were

served to Bernice Williams, Dorothy Rutledge, Margene Mathewson, Don Barstow, Ruth Warren, Betty Miller, Elizabeth Lockmiller, Audrey Beckman, Doris Martin, Dorothy Mott, Inez Register, Dorothy Yarbrough, J. K. Davis, Margene Walker, Alton and Howell Goodbread.

South Bay Youths**Form New 4-H Clubs**

The South Bay 4-H Clubs have been organized under the direction of Assistant Home Demonstration Agent Mrs. Mildred Michael for the girls and John Causey for the boys.

The two groups met together for devotionals at their first election of officers and organization.

The Girls 4-H Club elected Laura Mae Haulcomb, president, Carol Jean Ward, vice-president, Janice Thames, secretary, Nada Cumpston, council delegate, Hazel Meeks, song leader.

The chief fall projects will be sewing and gardening. Members enrolling are Nada Cumpston, Jackie Mutchler, Janice Thames, Betty Lou Kraus, Yvonne Galloway, Joyce Par-tain, Laura Mae Haulcomb, Carol Jean Ward, Beverly Ward, Josephine Martin, Lucy Pearl Kelson, Hazel Meeks, Norma Jean O'Neil, Barbara Jean Willis, Betty Hess, Mrs. Laura Willis is local leader.

The Boys 4-H Club elected D. A. Davis, president, Buddy Weaver, Vice-president, Ronald Martin, secretary.

At the second meeting this week the boys will decide upon their projects for the year. Gardening, poultry flocks, raising calves, pig raising, raising horses and other domestic ani-

mals are among those from which the various boys will select their project for the year. Members are Raymond Martin, D. A. Davis, Glenn Martin, Oscar Byrd, Glynn Dasher, Buddy Weaver, Elwin Hess, Eugene Henderson, Jack Ritchey, Ronald Martin, Johnny Freyvatt, Larry Williams, Bobby Woodham, Lewis Buckner, Haskell Martin, Broom and Milton Cumpston, Bobby Brown, Bobby Cooper, Billy Dillow, Billy Jackson, Billy Bowen, Cecil Harrell, Willard Garrett.

Oklahoma is the only pure "dry" state according to state law, but pretty "wet" at that. The effort to get the law repealed in a special election last week, ended in a failure for the "wet." Even so, the state is not likely to have its liquor consumption record lessened to any discernable amount.

John Peacock, Fredere With Your Favorite Groceries

BIOGRAPHY OF MRS. W. TILLIS
Mrs. W. Tillis will modestly tell you her career is that of a housewife, and her husband owns the Home Town Bakeries which she helps him run. But friends and customers recognize her as an outstanding business woman as well as a homemaker.

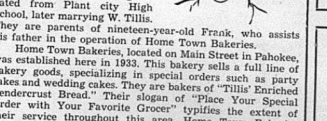

Mrs. Tillis was Miss Eula Mae Jaudon, niece at Dover in Hillsborough County. She graduated from Plant City High School after marrying W. Tillis. They are parents of nineteen-year-old Frank, who assists his father in the operation of Home Town Bakeries. Home Town Bakeries, located on Main Street in Pahokee, was established here in 1933. This bakery sells a full line of bakery goods, specializing in special orders such as party cakes and wedding cakes. They are bakers of "Tillie's Enriched Tendercrust Bread." Their slogan of "Place Your Special Order with Your Favorite Grocer" typifies the extent of their service throughout this area. Home Town Bakeries products are available at your neighborhood grocery store. Mrs. Tillis is a member of the First Baptist Church of Pahokee, where she teaches Sunday School class of junior girls. She dearly loves to go fishing with her husband, and with a twinkle in her eye claims he can't get off without her.

OBSERVATIONS

(Continued From Page 1)

Florida growing and labor cost conditions. Louisiana growers also have their own similar pact. The plan is claimed to be more equitable to each of the producing areas. Cane is grown more easily and profitably in Florida than in Louisiana and Texas.

On a recent afternoon, while Cliff Green and E. F. McAllister, of the state prison farm, were driving into West Palm Beach, they saw a negro ahead of them on the highway, who had a familiar look, and it proved to be Johnnie Davis, who had escaped from the prison on September 22nd. He was taken into West Palm Beach, and lodged in the county jail, and later Judge Newell, added an extra year to his original sentence. Comparatively few of the prisoners who make attempt to make a clean get out are successful, but they still continue on trying. Police communication and searching parties are just too much for the escapes to make good.

Looks mighty good to see that rich black muck had been turned for crops; and equally as pretty to see the vegetation topping the soil in long regular rows. All the farmers are singing the old refrain, "What shall the harvest be."

The Glade area town law enforcement officers may be given a 231 instructional school for the balance of the winter months. Negotiations are working very satisfactory toward that end. This is a school similar to one held last year in West Palm Beach.

One of the worst fire losses newspaper was that which visited the Miami Herald, over the weekend. The fire was in its reserve paper warehouse and many rolls of priceless paper were consumed, at an estimated cost of \$550,000. Fire investigators traced the source of the fire to a waste paper basket where a possible cigarette had been dumped by someone.

Florida newspapermen and their women folk are in for a fine convention and entertainment when the Florida Press Association gathers for the November meeting, at Naples, on the Gulf of Mexico. Boating, bathing, golf, fishing and shows are in prospect for the visitors.

Now that our city government is all set up for the coming political year, things should begin to operate along a normal line. There is a program ahead that means much improvement of the city, and there seems a unity among the commission that they should be performed. Every city employee, knowing they are going to draw a pretty liberal semi-monthly pay check, should and no doubt will, join with the department heads in making improvement that will be of civic import and value. A larger and better Belle Glade is desired by officials and citizens, and with combined cooperation many betterment changes can be accomplished.

When the cattlemen of South Florida recently gathered at the Sugarland range at Clewiston, they were deeply impressed with what they saw and heard concerning the promotion which the Suncoast Corporation has made in the breeding of pedigreed beef cattle. Good drainage, excellent pastures, fine breeding sires and dams, and wise management has placed the Sugarland range as one of the best and finest in all the state.

How eager are those youthful Junior football players to learn the game? What energy they put into their play! It is from their ranks that our future Rams will be recruited. There are some of them who are showing much prowess and soon will be our first team Rams. Young Kent, is one who promises to follow in the footsteps of his brother Ray as a fine player. Had to smile when one of the lads carrying the ball, had his helmet fall off. He forgot and deemed the recovery of the headgear more important than getting the ball down the line. Leave them alone, and they will learn and may become gridiron stars of future years.

Looks as if our townboy, Carroll McDonald, in this year and two more seasons to follow, will play quite a part in Florida University football records. Coach Wolfe is using him in most of the games. At Tulsa he did some wonderful "kickoff" work and also nabbed a pass on which he made a good ground advancement. He can also claim that line like a catapult from his center position.

Old colored school house over on Fifth Street looks pretty lonesome these days and the neighborhood kind of dull without the noise of the children,

at their recreation play hours.

When you see those trucks leaving in the morning and coming back in the evening, loaded down with negro workers, then you know the cropping season is on in full force in the Glades. There is likely more people working in the fields, than are in the packing houses when in operation. Several thousand negroes make their bread and butter by working in the crop deal.

Consistently To Hold Reunion Middle Weeks Of Coming November

Secretary Irvin Hengland, of the Scottish Rite Consistory, at Lake Worth, has announced that the semi-annual fall meeting of those bodies will be held November 13-14 and 20-21, at the cathedral in that city. Dr. Russell Williams, of Miami, who for 21 years has been the most able class instructor, will again be a portion of the reunion work. It is known that Everglades City and Ft. Myers, now a part of this jurisdiction, have formed sizeable classes of candidates to receive the grade work at this reunion, also Vero Beach, Ft. Pierce and Stuart, and as usual the Glades area will swell the class membership roll.

Churches of Christ, Scientist "DOCTRINE OF ATONEMENT"

is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, October 16. The Golden Text is: "All things come unto us by grace, and not by merit; for it is the gift of God, and not of works." (Eph. 2:8, 9). Among the scriptures which comprise the Lesson-Sermon are the following from the Bible: "And if any man sin, we have an advocate with the Father, Jesus Christ the righteous; and hereby we know that we know him, if he keep his commandments." (1 John 2:1-6). The Lesson-Sermon also includes the following scriptures: "See, and hear with the heart of the Father, and hear with the heart of the Son." (John 1:1-14). "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only for himself, but in mercy to mortal, to show them how it is their duty, but not to do it for them, nor to relieve them of a single responsibility." (183-3).

Register Children Celebrate Birthday

A birthday party honoring Inez and Buddy Register was given by Mr. and Mrs. O. P. Register, Mrs. Hilton Mott and Mrs. Veda Koch Monday evening at the Register home in South Bay.

The young people were entertained at games and light refreshments cake, ice cream and punch were served to Johnny Lamoureux, Doris Martin, Mary Lois Hodges, Don Barstow, Verna Martin, Milton Harrell, Jimmy Williams, Mickey Herring, Hollis Martin, Lemar Lovel.

Home Demonstration Club Enjoy Project Meeting At South Bay School

The Woman's Home Demonstration Club met Thursday afternoon at the South Bay school cafeteria, Mrs. Alice Lamoureux presiding.

The president appointed Mrs. Laura Willis chairman of the nominating committee to select a slate of officers to present at the November meeting for election. It was decided to have a cook-out contest at the November meeting and Mrs. Fred Cate was named chairman of the committee in charge of this event. Each member was urged to enter the contest with a favorite holiday cookie recipe. Miss Sara Horton, home demonstration agent, had an exhibit of Christmas gift suggestions among which were several attractive plastic handbags. It was decided to devote the afternoon of the November meeting to making Christmas gifts.

Miss Horton announced that a jar of snap beans canned by Mrs. Claudia Simmons had taken the red ribbon in the State Cannist competition.

She also announced an all day regional session at Fort Lauderdale on Friday, October 14, and urged a group to attend from this club.

The topic for discussion for the afternoon was "Food Production." Miss Horton discussed the importance of a home garden, poultry flock and a family cow in maintaining an adequate diet for the family at a minimum cost.

Supervisors of the Safety Patrol for the family at a minimum cost were named as Mrs. J.

of cost. She announced that she had two pressure cookers and a thermometer for loan to any home demonstration women who lacked this equipment for canning.

Those attending were Mrs. W. H. Thames, Jr., Mrs. A. N. Lamoureux, Mrs. Fred Cate, Mrs. A. B. Barnes, Mrs. Mollie Correll, Mrs. Verna Higgins, Mrs. F. W. Mutchler, Mrs. L. L. Simmons, Mrs. Earl Waldo, Mrs. W. F. Phillips, Mrs. Calvin Peacock, Mrs. E. M. Willis.

South Bay PTA Presents Safety Program

The South Bay Parent Teacher Association conducted their second regular meeting followed by the annual Teacher's Reception at the school auditorium on Monday evening, Oct. 3, Mrs. E. W. McLeod presiding.

An original Safety Program was presented in stories and poems. Claude McLeod was master of ceremonies with parts taken by Glenn Dasher, Virginia Kelson, Mickey Herring, Ronald Hall, Jackie Mutchler, Janice Thames, Bonnie Byrd, Eugene Page, Betty Hess, Jane Allen and Janice Summerlin. A piano solo was played by Benny Previtt. There was also a short film on Safety shown.

The Safety Poster Contest was a feature of the evening's program and \$1.00 was presented to each home room for the best poster in the room, honors going to Helen Hoover in the 8th grade, Jackie Mutchler in the 7th, Faye White in the 5th and 6th, Marilyn Previtt in the 3rd and 4th, Gennie Crichfield in the 2nd and to the first grade composite.

A Safety Patrol was organized with Claude McLeod as Captain, Glynn Dasher, Byron Walker, Mickey Herring, Milton Clinard, Eugene Page, Bryant Williams, Jimmie Robinson, Lomax Harrelle, Jimmie Williams.

The association voted to purchase belts, helmets, badges and raincoats for each member of the Safety Patrol.

Plans were made for the annual Halloween Carnival and White Store offered a \$5.00 cash prize for the best Halloween poster.

Supervisors of the Safety Patrol were named as Mrs. J.

Frank Prevatt, Howard R. Payne, W. C. Allen, Mrs. Sissy Ekanan.

Miss Margaret Hess's first grade won the attendance prize for the month.

Hostesses for the evening were the Bean City women, Mrs. Evelyn Dasher, Mrs. Nola Hall, Mrs. Wanda Prevatt, Mrs. Hurley Harrell, Mrs. Jay Smith, who served salad, cookies and soft drinks to 45 adults and 20 children.

are setting a New Record DOWN ON THE FARM

Southern Bell is putting in farm telephones five times as fast as before the war. Total telephone installations in Southern rural areas this year will set an all-time record.

Linking farms scattered over the South to markets and friends in town is a tremendous job that calls for thousands of poles and thousands of miles of telephone wire. It also calls for the know-how, experience, and the kind of equipment that has made America's telephone service the best in the world. Since the war approximately sixty million dollars have been spent to expand and improve telephone service in rural sections.

Telephone folks are working hard to extend service as rapidly as possible to all the farmers who want it. And we're making outstanding progress!

Consumers' Problems

By Mrs. Ora D. Lee

Mrs. Lee has done special research on this problem at Tuskegee Institute, Alabama, Hampton Institute, Virginia, and Miami University, Oxford, Ohio.

(Continued from last week)

The community club can help solve the consumer's problem in my community. We have listed by forming study groups to know the vitamin content of various foods and other food composition including the basic seven foods that are essential for everyday living. Many housewives do not know that they should have green and yellow vegetables in their meals and why. When the American Consumer becomes educated as to food value and then we will have more healthy families that have money.

Drugs and cosmetics form an experience item in the American consumer's budget. These products should also be given adequate study and consideration in our consumer program. Finally, the consumer should be trained in keeping a budget on family income and expenditures. This training will help them realize more the value of wise and intelligent spending.

Points and topics in Discussion of Consumer Problems. (For clubs, study groups, and consumer education classes).
1. The points we should enable you to become better consumer.
2. Advertising the consumer.
3. Buying in quantities for economy.
4. Grade labeling versus descriptive labeling.
5. How to determine the quality of a fabric.
6. What the label should tell the consumer.

7. Can the consumer test what's buying?
8. Points to observe when buying clothes.
9. Budgeting for the family.
10. Budgeting for the individual.
11. How consumers can work with their legislatures.
12. The need of consumer organizations.

After studying the content of this report, and other similar literature on consumer education, under guidance of a trained leader, the consumer in my community or any community should be a better and more intelligent buyer.

Aids in solving the problems of consumer education in my community.
1. Through the community club (meets weekly).
2. Home Demonstrations.
3. Church programs on Sunday when working people are at leisure.

South Bay Elementary School

By Mrs. M. P. Savitt

We, the students of South Bay Elem. School were glad to have some of our parents visit us last week in our classrooms. The visitors were Mrs. Bessie Thomas, Mrs. Leslie Ross, and Mr. Harvie Ross of Lake Harbor. We are always glad to have our parents come in and see how we are doing and how they will come again soon.

The girls from the 3rd, 4th, 5th, and 6th grades have organized a Home Making Club. The purpose of this club is to

make things for the home that are practical and indispensable. The club officers were elected: Mae Frances Sheffield, President; Bertha Mae Clyde, Secretary; Irene Wyche, Treasurer; Sponsor, Mrs. Dorothy McCurdy.

We would like to call the attention of all parents and communities to what is going on about us. We hope that more groups and communities will share with us by sending in news to the Herald or our subscriptions. For the paper, which is indeed a boom for the Glades area.

SCHOOL NEWS OF EVERGLADES VOCATIONAL HIGH

By Cecil Miller

The Bobcats of Everglades Vocational High defeated Melbourne Friday, September 7, with a score of 24-12. Although the pep squad did not accompany them, they cheered the boys as they left the school.

The 9th Grade class, sponsored by Miss Keys, presented an excellent play titled "Democracy in School." It showed that we have democracy in school life, that we have a democratic institution in that the students are allowed to choose their class and club officers and to carry on their

meetings as they see fit. After the play was presented, Dorothy Chestnut sang, "Villain." The program was enjoyed by everyone.

The senior class organized the "Social Club." The membership comprised students from the sophomore, junior and senior classes only. The purpose of the club is to guide the student in the right path, as far as rules of etiquette are concerned. The club's advisory board will also give some do's and don'ts on dates and dancing. Mrs. Childs, our Home Economics instructor, is our club advisor.

BEAN CITY NEWS

Mattie Jean Youngblood, Reporter

The Bean City Elementary School PTA will hold its election of officers Monday night at the school.

At the class made invitations to parents in the shape of oak leaves, with invitation written on back of leaf. A program in charge of Janice Lee Jackson, fifth grade, will be rendered by the school. The Fifth and Sixth grades will serve refreshments to our parents and visitors. The colors of the association are green and gold. Madelyn Caldwell, a sixth grader, will distribute these to members at the beginning of

the meeting. This year our parents have returned this week from up state. Among them are Mrs. Margaret Rolle and her two grandsons, Mrs. Lela Rogers, Mrs. Hattie Luther, Mrs. Veola Brown, Mrs. Minnie Lee Green, Miss Minnie Chism and the Wiley children who were with Mrs. Hattie Luther.

The First Baptist Church of Bean City is called Rev. Ken. Pastor also at Lake Harbor, for Pastor. The services were attended well Sunday and Rev.

Kenny gave a fine account of himself in the pulpit each service.

The Home mission of the First Baptist Church will enroll in the Community missionary Society at the next meeting. This group of fine ladies including Sister Mary Lou Cooper, Mrs. L. Vincent, Octavia Jackson, Lonnie Williams, Mary Parks, Irene Jones, Mollie Caldwell, Susie McGee, Genny Stuart and others. Their motto is "In as much as ye have done unto the least of these it ye have done unto me."

Mothers' Club Holds Initial Meeting

Inclement weather failed to prevent some members and interested friends from attending the first meeting of the Lake Shore Elementary Mothers' Club, October 10.

Principal Chas. M. McCurdy gave a very interesting and beneficial discussion on audio-visual aids by explaining the meaning of the term, the function of audio-visual aids, and how they can be used to facilitate pupil learning. Mr. McCurdy demonstrated their effective use and great possibilities by showing many slides.

President Hanford said that her board for the year would be appointed at a later meeting. She stated that the theme for the year is "Our Challenge—Good Health, Best Education, Perfect Cooperation."

Committee chairman are: Mrs. Muriel J. Evans, General Secretary; Mrs. E. P. Oliver, Sewing; Mrs. Marie J. Addison, Arts and Crafts; Mrs. S. A. O'Neal, Current Events; Miss M. T. Shanon and Mr. Charles M. McCurdy, Audio-visual Aids; Mrs. Daisy Murrell, Mrs. Mary Jane Alexander and Mrs. Muriel J. Evans, Study Group.

Among those present at the meeting were Mrs. Copehart, Mrs. E. P. Oliver, Mrs. Eggleston, Mrs. Hanford, Mrs. Tinsley, Mrs. Sullivan, Mrs. Arlene Walton, Mrs. I. V. Bragg, Mr. Joe Gibbs, and Mr. McCurdy.

Cinematic Chapter

If you laugh as hard at "It Happens Every Spring," as was filmed at the Hugo Theatre, Sunday-Morning, as I did, you will come away from the theatre a very happy person.

"It Happens Every Spring" stars Ray Milland, Jean Peters and Paul Douglas, with a fine cast of players, and it tells a story with a new slant for Hollywood.

A professor accidentally creates a liquid that makes leather wood-repellent. Being quite a ball pitcher in his own right the professor goes to St. Louis and joins the baseball team.

Naturally he is a sensation as a ball player, winning international publicity, due to the fact that no player can hit a ball pitched by his own right hand.

cepts their offer to sell said property for a price of \$28,500.

2. We recommend that the City offer in their letter of acceptance to pay the School Board for the property as follows: Ten thousand dollars on receiving from the Board an agreement for deed but not to be paid until January 1, 1950, five hundred dollars upon physical transfer of the property to the city but not before January 15, 1950.

3. We recommend financing the purchase of said property as follows: (a) Borrowing \$10,000 from the City Water Department funds to be repaid during the fiscal years of 1951, 1952, and the balance during the fiscal year of 1953. (b) Using \$3,000 set up in 1950 budget for purchase of property.

(c) Balance of \$10,500 by selling leading space in advance to farmers and contractors at the rate of \$150, each for 70 spaces, or \$200, each for 55 spaces. The City would have until January 15, 1950 to sell and collect for these spaces.

4. The offer to sell made to the City by the School Board will be withdrawn on Tuesday, October 18, 1949, because of other private cash offers. In the event of the City purchases this property the School Board will vacate the property by December 1, 1949.

Tourist Trading Bricks Millions To Florida Mills

Strong tourist spending is an important force in Florida's annual retail sales volume, according to a report released in 1948, according to the weekly business review of the Florida State Chamber of Commerce. The research and statistics division of the State Chamber in retail stores, filling stations, eating places, and other businesses, totaling \$219,000,000 last year, by both tourists and residents of the State.

Nationally 63 percent of the income of all persons in 1948 was spent through these outlets. The corresponding figure for the eleven southeastern states was 68 percent and for Florida was 72 percent.

This high Florida percentage of retail sales in relation to personal income of Floridians is obviously the result of tourist expenditures. By scaling down the Florida percent to approximately the rate of the Southeast, the tourist retail expenditure in Florida is thereby computed at \$258,600,000.

It is emphasized that this tourist spending figure includes only purchases through regular retail outlets and does not cover amounts tourists spend for services, amusements, utilities, rents and hotel rooms.

Bill Ferrell Responds To Call Of Havana Firm To Iron Out Difficulties

"Bill" Ferrell, well known for his mechanical and electrical engineering ability, has returned home from a recent business trip to Havana and other points in Cuba, where he was in consultation with officials of a large corporation who is doing industrial work in Cuba and South America.

Mr. Ferrell stated that he was able to clear up some of the technical troubles which were facing the company, but that a regular trip in a few weeks here will be required of him.

Bill cited that he fell in love with Cuba and the hospitality of the business men he contacted, as through their generosity he had auto and plane rides to show him the lay of the island and particular project which called him there, and visited some of the famous entertainment spots of the Cuban city.

Representative George W. Andrews of Alabama had an idea and he put it into a bill. Under his proposal, the Treasury would sell bonds to the citizens to start immediately. Andrews says the bonds would be amortized through rents paid for the use of the buildings by the Post Office Department and other government agencies.

He says there are some 4,000 towns and cities eligible for new Post Offices. "Why not get them now?" he asked.

There's been a lot of response to the bill. One town official said he could sell enough bonds in two hours to build a Post Office.

The bill now is before the House Ways and Means Committee. Andrews expects a hearing at the present session but he doesn't believe it will get the House floor before the second session of the 81st Congress next January.

3. We recommend financing the purchase of said property as follows: (a) Borrowing \$10,000 from the City Water Department funds to be repaid during the fiscal years of 1951, 1952, and the balance during the fiscal year of 1953. (b) Using \$3,000 set up in 1950 budget for purchase of property.

(c) Balance of \$10,500 by selling leading space in advance to farmers and contractors at the rate of \$150, each for 70 spaces, or \$200, each for 55 spaces. The City would have until January 15, 1950 to sell and collect for these spaces.

4. The offer to sell made to the City by the School Board will be withdrawn on Tuesday, October 18, 1949, because of other private cash offers. In the event of the City purchases this property the School Board will vacate the property by December 1, 1949.

Mr. Harris stated that he had conferred with the School Board and it gave a tentative agreement to the above proposition. So far as the city finance are involved it is believed that they will be provided. The only block will be from the persons who may desire parking and loading space on the proposed city loading site.
